One of the first designs to come out of the studio, the April low console is characterized by its graceful notched details and through tenons along the sides. With clear .75" thick glass resting over a solid wood top, this console's subtle poetry casts a quiet spell in a hallway or living room. Glass top optional. Signed and dated.

Custom dimensions and woods available.

shapiro joyal studio furniture is made to age gracefully. All our lumber is carefully chosen, with grain clarity, strength and overall beauty at the forefront. Our designs stay intentionally quiet, working in tandem with beautiful materials to create a cohesive and timeless design. Woods will become enhanced with age, resulting in a rich patina that is treasured by collectors and easily recognizable as coming from a company that makes quality its priority.
