It's all in the details. Our Pasadena desk features generous counter space, storage, and a refined aesthetic that is classic yet approachable. Each pedestal is equipped with unique accessories. On the left, we provided a large drawer for files or other necessities, with a retractable sliding tablet that is accessible as needed. The right pedestal features a slide out tablet in addition to 3 drawers that glide on European self close hardware. Wide leg room and a thick wooden top are crowned by clear glass that adds depth and sheen. Signed and dated.

Custom dimensions and woods available.  
Leather top available.

shapiro joyal studio furniture is made to age gracefully. All our lumber is carefully chosen, with grain clarity, strength and overall beauty at the forefront. Our designs stay intentionally quiet, working in tandem with beautiful materials to create a cohesive and timeless design. Woods will become enhanced with age, resulting in a rich patina that is treasured by collectors and easily recognizable as coming from a company that makes quality its priority.
