Originally designed for actor Thomas Kretschmann, our namesake Thomas bookcase is made of solid wood and features practical details that make it useful and unique. With a small footprint, it was created to house books and scripts, while simultaneously functioning as an area that he and his young daughter could work side by side. Made of solid wood. Signed and dated.

Custom dimensions and woods available.

shapiro joyal studio furniture is made to age gracefully. All our lumber is carefully chosen, with grain clarity, strength and overall beauty at the forefront. Our designs stay intentionally quiet, working in tandem with beautiful materials to create a cohesive and timeless design. Woods will become enhanced with age, resulting in a rich patina that is treasured by collectors and easily recognizable as coming from a company that makes quality its priority.

Handmade in Los Angeles since 1998.
